Sponsored by WARE*

"We are pleased to award over \$20,000 in scholarship contributions to eleven deserving students. The Rawson scholarship continues to grow awareness of the boiler industry and support a future generation of engineering leaders," said Scott Lynch, President & CEO of ABMA.

Since inception, ABMA has awarded over \$200,000 to many deserving students.

The Randy Rawson Scholarship Program was created for the Promotion of Careers in Boiler Engineering and Fabrication. The specific purpose of the Fund is to support post-secondary education and/or training of graduating high school students pursuing careers in the commercial, institutional, industrial or power-generating boiler, combustion and related equipment industry through educational scholarships. The number and amount of scholarships awarded is determined by the ABMA Board of Directors each year in which scholarships are offered. For more details about the Randy Rawson Scholarship, please visit www.ABMA.com.

About ABMA

Since our founding in 1888, the American Boiler Manufacturers Association (ABMA) has advocated for the safe production and operation of boilers, facilitated advances in energy efficiency, and provided solutions for our member companies. Throughout our history, the boiler industry and our member base have relied on the ABMA to lead the industry as it tackles challenges and embraces opportunities in our constantly evolving sector. Through participation with ABMA, our members are better informed, connected, and positioned to thrive in today's global boiler industry. To learn more, please visit www.ABMA.com.
